

## Industry Qualifications

### Level 3 Diploma in Driving Goods Vehicles (QCF)

#### Introduction

The revised Skills for Logistics qualifications look different as they all combine Capability (Knowledge) with Competency into a single qualification. They are all mapped directly to the revised National Occupational Standards (NOS) on a one to one basis so that employers, employees and learners can be confident that they meet the skills requirements for our sector.

The qualifications are more flexible and will allow you to achieve the qualification in 'bite-sized pieces'

#### The Qualification

This qualification is for those who are working or who wish to work in a supervisory capacity in relation to driving goods vehicles. There are 3 mandatory units with a choice of options to be taken from the groups as shown below. The minimum credit value that must be taken to achieve the qualification is 42 and the maximum credit value is 58.

You will now be able to take the qualification in the most appropriate vehicle for your role and have the type of vehicle listed on the final qualification certificate:

- Motor Cycle
- Van
- Rigid Vehicle
- Articulated or Draw Bar Vehicle

You can also take the qualification as part of the Driving Goods Vehicles Advanced Apprenticeship.

## Mandatory units
